

Taking It to the Next Level

Holy Spirit Catholic Community has been actively pursuing the consolidation of its facilities for the better part of a decade, and we are excited to be one step closer in this exciting project. This weekend, we are announcing the public phase of our capital campaign entitled, **Sharing Our Faith † Building Our Future**. This campaign launches the physical and tangible step of funding a new Parish Activity Center building at our new location. I am an advocate for this project, and I ask you to do your part to learn about our plans, and join me in support.

I like to say, "We are not building a church, we are building a community." A community is more than where you are; it is also what you do when you are there. The work your new parochial vicars and I are doing, will in many ways, strengthen us liturgically, spiritually, and socially, which will in turn, ensure this Parish Activity Center is an excellent outlet for our energy. I am asking you, to help us take this parish to the next level.

In the last few months we have been informing you to the best of our ability about the steps we are taking to ensure a vibrant future for our parish community. Behind the scenes, we have been asking for support, and I am pleased to communicate, we have raised **\$651,000** from only **63** pledges. This is an average gift of over **\$10,300**, OohRah! I want to thank everyone who has made sacrificial gifts towards this project. However, we have a long way to go, and many more households to speak with. I ask you do two things:

- 1: Consider how much stronger we are together than apart.
- 2: Meet with a volunteer and **prayerfully** consider your support. If you have questions contact me: (208)680-0608 or john.r.worster@us.army.mil

Fr. John Worster is a Chaplain and Colonel in the United States Army National Guard He has been deployed in Iraq and around the world.

We are not building a church, we are building a community.

Thank You to Those Who Have Contributed so Generously

Let sacrifice, not convenience, be the measure of your generosity." Pope John Paul II

To complete a project like this, we will need the help of the entire parish community, please consider joining us as supporters, volunteers, and advocates. We ask you to pray for our volunteers and for our success.

Let us not become weary in doing good, for at the proper time we will reap a harvest if we do not give up. Therefore, as we have opportunity, let us do good to all people, especially to those who belong to the family of believers.
