Dance to the Live Music of
KYD J

(Loren Azzola & Group)

<http://kydjband.yolasite.com>

The Kyd J Band electrifies the stage with every performance playing local venues with a variety of sound including indie, pop, country, and rock, to please a copious audience. Loren Azzola, the creative engine, general manager, founder, singer, songwriter, and guitarist, started this family and friends band 9 years ago, planting the seed for what has grown into a poppy, jazzy, funky, energetic mix of local talent. Loren's son and daughter, John Azzola and Shelby Hess, rock the house with playful lyrical fervor and pulsing energy. John, an exuberant musician and singer, displays unparalleled talent with lead vocals, harmonica, percussion, and guitar. Singing sensation, Shelby, occupies center stage with her passionate and moving voice. Mendi Serpa and Kristi Smith are at her side contributing back-up and occasional lead vocals. Other members are Josh Day (drummer and vocals), Chris Dungey (bass guitar), Ron Clayson (piano), and Kevin Day (lead guitar). The intersection of each members' reputable talents contributes to the vitality of Kyd J's good music; with, of course, the band's sound team: Vern Murray and James Lee. The expansive genre of this band's song catalogue makes them a local favorite, with flavor and flair to please any audience. The Kyd J Band is a dedicated band doing exactly as they were destined to do.
